Self-serve options to make your life easier

Did you know that Liberty offers customers self-serve options through our online platform, My Account? With My Account, you can:

- Sign up for Paperless Billing, which is secure, convenient, and eco-friendly. Plus, it allows you to view and pay your bills online anytime.
- Set up and manage automatic payments so you'll never miss a payment.
- Sign up for Budget Billing, which allows you to spread high seasonal costs over the entire year, eliminating extreme bill fluctuations.
- Choose how and when you want to receive notifications.

Visit www.libertyenergyandwater.com or scan the QR to sign up.

Outdoor living with natural gas

There's no better time to enjoy your backyard, deck, or patio. Here are some great ways to elevate your outdoor experience with the power of natural gas.

- **Gas grills** - Natural gas grills offer even heating, consistent temperature control, and the convenience of never running out of fuel mid-barbecue.
- **Fire pits & fireplaces** - Enjoy the warmth and ambiance of a real flame at the flip of a switch—no smoke, no sparks, and no wood to haul or store.
- **Patio heaters** - Natural gas patio heaters provide powerful warmth, letting you enjoy your outdoor space longer and more comfortably.
- **Pool heaters** - Natural gas pool heaters warm water quickly and efficiently, giving you control over your pool temperature without the long wait.

Maintenance

We'll handle the maintenance – you enjoy the comfort

A well-maintained system not only runs more efficiently but can also extend the lifespan of your natural gas equipment. If you're enrolled in our Residential Equipment Protection Plan or are part of our Rental Program, now is the perfect time to book your complimentary annual equipment check.

Call us at 1-800-994-2762 to schedule your appointment. A qualified Liberty authorized contractor will thoroughly clean and inspect your equipment to ensure it's operating at peak efficiency.
