Ms. Lorraine R. Légère
Secretary of the New Brunswick
Energy and Utilities Board
P.O. Box 5001
15 Market Square, Suite 1400
Saint John, NB E2L 1E8

Dear Ms. Légère:

Application for Permit to Construct – Dorchester, NB

I am enclosing, on behalf of Enbridge Gas New Brunswick (“EGNB”), the following documents:

1. Application for Permit to Construct – Dorchester, New Brunswick;
2. Information in Support of Application (Exhibit A) including:
 - (a) Schedule A – Environmental Assessment;
 - (b) Schedule B – Environmental Protection Plan;
 - (c) Schedule C – Excerpts from EGNB 2000 Construction Application;
 - (d) Schedule D – Public Information Program;
 - (e) Schedule E – Material Safety Data Sheet;
 - (f) Schedule F – Dorchester Expansion Analysis;
 - (g) Schedule G – Proposed Conditions; and
 - (h) Schedule H – Table of Concordance.

Also enclosed is a letter from Corrections Canada supporting this Application.

Ten copies of this documentation are being delivered to your office.

The Pipeline Coordinating Committee (“PCC”) has completed its review of this material and has agreed to the issuance of a permit to construct based on the technical information presented and with the conditions outlined in Schedule G to Exhibit A with one exception (see attached letter dated June 3, 2011 (as revised June 6, 2011)).

You will note that Schedule H to Exhibit A is a Table of Concordance for Section 5 of the Pipeline Filing Regulation (the "Filing Regulation"). As was the case in EGNB's 2000 Construction Application and again in the 2003 St. Stephen, 2005 Riverview, 2007 Sackville and 2009 Hanwell applications, some of the specific requirements of Section 5 are inapplicable to EGNB. The information provided in support of this application follows the same format used in EGNB's previous applications. We suggest that since Intervenors and the Board are able to submit requests for any additional information necessary, nothing further should be required under Section 5 unless requested by the Board or an Intervenor. EGNB will respond, to the extent possible, to any reasonable request for further information. Accordingly, we hereby request that the Board provide EGNB with its direction on this issue pursuant to Section 5(1) of the Filing Regulation.

Also enclosed are a draft Order and Notice for the Board's consideration.

If you have any questions or require additional information, please call me.

Yours very truly,

Len Hoyt Q.C.
