**BOARD OF COMMISSIONERS OF PUBLIC  
UTILITIES OF NEW BRUNSWICK**

**IN THE MATTER** of an application by Enbridge Gas New Brunswick to replace its Small General Service rate class with separate rate classes for Small General Service Commercial, Small General Service Residential Oil and Small General Service Residential Electric

**Notice**

The Board of Commissioners of Public Utilities of New Brunswick (“Board”) has received an application dated October 26, 2006 (“Application”) from Enbridge Gas New Brunswick Limited Partnership, as represented by its general partner Enbridge Gas New Brunswick Inc. (“EGNB”) for an order approving the replacement of its Small General Service (“SGS”) rate class with separate rate classes for Small General Service Commercial (“SGSC”), Small General Service Residential Oil (“SGSRO”) and Small General Service Residential Electric (“SGSRE”).

EGNB’s Board approved SGS monthly distribution charge is \$7.6212 per GJ (the “Distribution Rate”). The Distribution Rate is currently reduced by a Board approved Revenue Adjustment Rate Rider (the “Rider”) of \$2.1776 per GJ. EGNB is not proposing to change the Distribution Rate for any of the three new classes, nor the Rider for the SGSC or SGSRO rate classes. EGNB does, however, wish to increase the Rider for the SGSRE rate class to \$5.2725 per GJ, thereby reducing the effective distribution charge for the SGSRE rate class to \$2.3487 per GJ, effective January 1, 2007.

**NOTICE IS HEREBY GIVEN THAT** the Board has ordered the following:
