2023 Budget to 2022 Budget Explanations

2 Overview

1

3 For comparative purposes, variance explanations compare 2023 Budget to the 2022 Budget.

4 Revenue

- 5 The table below summarizes Liberty's 2023 budgeted gas distribution revenue, miscellaneous operating
- 6 revenue, allowance for funds used during construction ("AFUDC") and services and inspection margin with
- 7 comparisons to the 2022 Budget.

<u>Table 1</u>

12	Total Revenue	\$ 49,776	\$ 50,371	\$ (595)				

9 Operating Revenue

- Gas Distribution Revenue is \$298K under budget due to lower rates for most classes, than 2022.
- Miscellaneous Operating Revenue is under budget due to lower SEUF Fees , lower interest income and transactional service , offset by higher LICS revenue , late payment penalties , red lock & non-sufficient funds , and ABC revenue .

8

10

11

12

- AFUDC is \$3K over budget primarily due to higher than budgeted monthly balance of Construction
 Work in Progress account, which is the basis to calculate AFUDC.
- Service and Inspection margin is \$124K under budget due to reduced service and inspection calls.

4 Expenses

1

2

- 5 Below is a summary of Liberty's 2023 budgeted operating and maintenance expenses, bad debt expense,
- 6 amortization of property, plant and equipment, municipal and other taxes, interest on amounts due to
- 7 associates and affiliates and other interest and amortization of deferred development costs with
- 8 comparisons to the 2022 Budget.

Operating and Maintenance ("O&M") Expenses

- 2 Liberty manages its O&M expenses at an aggregate level where Liberty will try to offset increased costs in
- 3 certain areas with cost reductions or savings in other areas of the organization.
- 4 Liberty has grouped its O&M expenses based on major cost categories rather than departments, as seen
- 5 in the regulatory financial statement format filed with the Board.

16	Total Capitalized	5,623	5,067	556
17	Total O&M Expenses	\$ 12,570	\$ 11,546	\$ 1,024

- Liberty's 2023 budgeted O&M expenses are higher than the 2022 O&M budget by \$1.0M, or 8.9%, with the drivers for this variance being:
 - Labour and Benefits are \$440K over the 2022 budget due to higher Salaries and Other Commissions (\$289K), higher pension costs (\$141K), and slightly higher benefit costs (\$10K).

6

9

25

26

27

28

29

30

- Admin/Office Expenses are under the 2022 budget by \$9K due to lower printing and other administrative costs (\$16K), offset by higher materials and office supplies (\$4K), and higher postage and courier costs (\$3K).
- Computer and Telecom Services are under the 2022 budget by \$72K due to decreased telecom services cost, as most now flow through Corporate allocations (\$80K), offset by increased computer equipment supplies (\$8K).
- Professional Consulting expenses are over the 2022 budget by \$235K due to higher outside services (\$214K) primarily in Engineering and Business Development, which is partially offset by recoveries for business development activities, and higher Legal fees (\$41K), offset by lower External audit fees (\$20K).
- Travel and Training are over the 2022 budget by \$68K mainly due to higher conference, training, and membership costs (\$52K), higher airfare costs (\$8K), and higher accommodation and meal costs (\$8K).
- Advertising and Promotions are over the 2022 budget by \$140K due to increased advertising and public awareness, due to the classification error in the 2022 budget where some costs that should have been advertising and promotions were classified as outside service costs.
- Tools and Safety are under the 2022 budget by \$2K due to lower budgeted tool expenses.
- Fleet is over the 2022 budget by \$49K mainly due to increased costs budgeted for fleet operation and maintenance.
- Facilities are slightly over the 2022 budget by \$3K mainly due to inflation increases to rent.
- Insurance is over the 2022 budget by \$55K due to higher premiums due to hard market conditions driven by COVID-19 and impacts on the utility sector in general.
- NBEUB Assessments are over the 2022 budget by \$175K due to increased regulatory matters.
- Corporate Allocations are over the 2022 budget by \$498K. Liberty is filing for 100% of corporate allocations in 2023. This overage takes into consideration the \$924K disallowed amount for the 2022 budget in Matter 494. Since the disallowance was provided by the Board as a lump sum amount and did not provide specific detail as to which Corporate Allocations (in Schedule 8.4) were disallowed, we are not able to provide more specific variance analysis.
- Amounts capitalized to Property, Plant and Equipment are \$556K over budget due to aggregate O&M spending in cost centers differing from budgeted spend and the associated different capitalization rates for each cost center.

Other Operating Expenses

- Other Expenses is \$33K under budget due to higher bank charge (\$17K), offset by lower retention expense (\$50K).
- 4 Bad Debt Expense is \$28K over budget due to higher gas sales revenue.
- 5 Amortization of Property, Plant and Equipment is \$70K over budget due to higher opening asset
- 6 balances (\$152K), offset by timing of additions (\$82K).
- 7 Interest on Amounts Due to Associates and Affiliates and Other Interest is \$198K over budget due to
- 8 higher average rate base.
- 9 Amortization of Intangible Software is \$462K over budget due to higher opening asset balances (\$15K)
- 10 and higher asset addition (\$447K).
- 11 Amortization of Variance Accounts is \$1,038K higher than budget due to Revenue Requirement True-
- 12 up variance (\$1,719K), offset by SEUF variance (\$84K), LICS variance (\$219K) and completed amortization
- of COVID variance account (\$378K).

Rate Base

1

- 15 Information with respect to Liberty's year-end Rate Base and the levels of Property, Plant and Equipment,
- 16 Development O&M capitalized costs, Working Capital Allowance and other elements within rate base are
- 17 provided below.

Table 4 Rate Base

- 1 Property, Plant and Equipment is \$3.34M over budget due to higher net opening balance (\$3.10M) and
- 2 higher net addition (\$0.24M).
- 3 Development O&M capitalized costs is \$2.8M under budget due to being amortized for an additional year.
- 4 Intangible Software is \$8.5M over budget primarily due to net addition of Customer First (\$8.2M) and higher
- 5 opening balances (\$0.3M).
- 6 Working Capital Allowance is \$1.9M over budget due to higher inventory balances (\$0.8M) and higher
- 7 prepaid expense balance (\$1.1M) due to an oversight where there was no budgeted addition to prepaid.

- 6 Deferral portion of equity (\$3.8M), offset by lower net income (\$0.7M).
- 7 Regulated Return on Equity is \$756K lower than budget due to lower average return on equity.
