

Section 6.0 – Rate Design

March 3, 2023

1 **6.0 Rate Design**

2 Liberty completes a rate design exercise for every rate application and attempts to balance the cost of
3 service modelling and constraints provided by the competitive marketplace. In this application, Liberty is
4 also proposing a Revenue Decoupling Mechanism. This proposal and Liberty's rate design can be found in
5 the following schedules:

- 6 • Schedule 6.1 – Review of Liberty's Rate Design, Revenue Decoupling and Common Practices in
7 Natural Gas
- 8 • Schedule 6.2 – Revenue Decoupling Proposal
- 9 • Schedule 6.3 – Rate Schedules 2023
