

NEW BRUNSWICK ENERGY AND UTILITIES BOARD

IN THE MATTER OF sections 52 and 56 of the *Gas Distribution Act, 1999*, S.N.B. 1999, c. G-2.11, as amended;

AND IN THE MATTER OF an application by Enbridge Gas New Brunswick to change its Contract Large General Service LFO distribution rate.

APPLICATION TO CHANGE CLGS-LFO RATE

1. Enbridge Gas New Brunswick Limited Partnership, as represented by its general partner Enbridge Gas New Brunswick Inc. (“EGNB” or the “Applicant”) hereby applies to the New Brunswick Energy and Utilities Board (the “Board”), pursuant to sections 52 and 56 of the *Gas Distribution Act, 1999* (the “Act”), for an order or orders approving changes to its Contract Large General Service LFO distribution rate.
2. EGNB is the general franchisee under a General Franchise Agreement dated August 31, 1999 (“GFA”) with the Province of New Brunswick as represented by the Minister of Natural Resources and Energy. The GFA (which was filed with the Board as part of EGNB’s 2000 Rate Application) authorizes EGNB to distribute natural gas and provide customer services in the Province of New Brunswick.
3. In its June 23, 2000 decision in the matter of an application by EGNB for approval of its rates and tariffs, the Board approved EGNB’s market-based approach for setting its distribution rates during the development period.
4. In a decision dated December 15, 2005, the Board approved EGNB’s current Contract Large General Service LFO distribution rate.
5. EGNB now wishes to change its Contract Large General Service LFO distribution rate, effective February 1, 2008.

6. The objective of EGNB's market-based approach is to provide potential end-use customers with the economic incentive to convert to, and continue to use, natural gas and to make use of the distribution system that EGNB has committed to build in New Brunswick.
7. Information in support of EGNB's Application is being filed with the Board together with this Application.
8. On the basis of the foregoing, EGNB applies for the following orders, decisions or directions of the Board:
 - (a) approval, under sections 52 and 56 of the Act, of the changes to its Contract Large General Service LFO distribution rate proposed by EGNB, such changes to be effective February 1, 2008;
 - (b) an order under section 56 of the Act, to the extent necessary or appropriate, to ensure an expeditious determination of this Application;
 - (c) such interim order under section 40 of the *Energy and Utilities Board Act*, and such further directions in that regard, as may be necessary or appropriate;
 - (d) an order under subsection 96(3) of the Act exempting the Applicant, to the extent necessary or appropriate, from some or all of the provisions of any regulations made by the Board under subsection 96(1) of the Act; and
 - (e) such further or other order, decision or direction relating to the Applicant's Contract Large General Service LFO distribution rate as the Applicant may request and the Board may deem necessary or appropriate.
